

Summary CV

prof Jaak Aaviksoo

Current activities:

Rector, University of Tartu, June 2003–

Rector, University of Tartu, June 1998–May 2003

Professional activity and membership

Member of the Board of the European University Association

Member of the Academic Council of the President of Estonia

Member of the Research and Development Council of Estonia

Member of the Estonian Phys. Society

Member of the European Phys. Society

Member of the American Opt. Society

Alexander von Humboldt Fellow

Visiting Scholar University of Paris VI & VII 1991, 1994, 2001

University of Osaka, 1991

Max Planck Institute Stuttgart, 1987-1988, 1989

Novosibirsk Thermophysical Institute, 1981

Previous professional achievements:

Head, Institute of Experimental Physics and Technology, University of Tartu,

December 1996–May 1998

Minister of Education, January 1996–November 1996

Minister of Culture and Education, November 1995–December 1995

First Vice-Rector, University of Tartu, July 1992–November 1995

Acting Head, Institute of Experimental Physics and Technology, University of Tartu,

September–November 1995

Professor of Optics and Spectroscopy, University of Tartu, 1992–current

Junior, Senior and Leading Research Associate, Institute of Physics, Estonian

Academy of Sciences, 1976–1992

Education:

PhD in Physics (Thesis: On Resonant Secondary Emission in NaNO₂ and

Anthracene), Institute of Physics, Estonian Academy of Sciences, 1981

MSc in Physics, Faculty of Physics and Chemistry, University of Tartu, 1976

(*cum laude*)
